Proposal 5: Election of One Substitute Director Who Is an Audit & Supervisory Committee Member

In order to prepare for cases where a vacancy results in a shortfall in the number of Directors who are Audit & Supervisory Committee members prescribed by laws and regulations, the Company proposes the election of one Substitute Director who is an Audit & Supervisory Committee member.

Furthermore, only before Ms. Kaori Matsubara assumes office, the Board of Directors may, by its resolution upon approval of the Audit & Supervisory Committee, cancel the resolution of this proposal.

Additionally, the Audit & Supervisory Committee has previously given its approval to this proposal.

[Reason for nomination as candidate for Substitute Outside Director who is an Audit & Supervisory Committee member and a summary of expected roles] Although she has not been involved in corporate management other than as Outside Director in the past, the Company expects Ms. Kaori Matsubara to utilize her extensive experience and deep insight as an attorney in the Company's management. Accordingly, the Company has nominated her as a candidate for Substitute Outside Director who is an Audit & Supervisory Committee member.

Proposal 6: Revision of the Amount of Remuneration for Directors and Audit & Supervisory Committee Members

The amount of remuneration for the Company's Directors (excluding Directors who are Audit & Supervisory Committee members; the same shall apply hereinafter in this proposal) and Directors who are Audit & Supervisory Committee members was approved at the 36th Annual General Meeting of Shareholders held on June 28, 2016 to be a maximum of 1,000 million yen annually for Directors (including a maximum of 20 million yen annually for Outside Directors) and a maximum of 50 million yen annually for Directors who are Audit & Supervisory Committee members, and the same applies today. However, in consideration of various circumstances such as subsequent changes in social and economic conditions, and preparations for a future increase in the number of Outside Directors, the Company proposes that the annual amount of remuneration for Directors (the amount per business year) be set at a maximum of 1,000 million yen (including a maximum of 50 million yen annually for Outside Directors), and the annual amount of remuneration for Directors who are Audit & Supervisory Committee members (the amount per business year) be set at a maximum of 50 million yen.

In addition, in order to adjust the period covered by "annual amount" to the business year from the perspective of ease of understanding by shareholders, the Company proposes that these revisions take effect retroactively, as of April 1, 2022.

This proposal is in line with the Decision-making Policy Pertaining to the Contents of Individual Remuneration, etc. for Directors and Executive Officers (refer to page 22 for an overview) established by the Company at a meeting of the Board of Directors held on February 21, 2022. As the Company has received a report from the Nomination and Compensation Committee, comprised of a majority of Independent Outside Directors, that it has deemed the proposal appropriate upon a multifaceted examination, the Company believes the proposal is reasonable.

Currently, the number of Directors is ten (including two Outside Directors) and the number of Directors who are Audit & Supervisory Committee members is three. If Proposal 3 and Proposal 4 are approved as originally proposed, the number of Directors will be nine (including two Outside Directors) and the number of Directors who are Audit & Supervisory Committee members will be three.

Proposal 7: Partial Revision to the Amount and Details of Stock-based Remuneration, etc. for Directors, etc.

1. Reasons the revision to the remuneration system is appropriate

At the 41st Annual General Meeting of Shareholders held on June 24, 2021, the Company received the approval of shareholders for a stock-based remuneration plan (the “Plan”) under which the Company’s shares and money equivalent to the amount being converted from shares to cash (the “Company Shares, etc.”) will be delivered and paid (the “Delivery, etc.”) to Directors (excluding Directors who are Audit & Supervisory Committee members, Outside Directors and non-residents of Japan, the same shall apply hereinafter), and the same applies today. However, in line with the introduction of the Executive Officer System in April 2022, the Company requests approval for the partial revision of the content of the Plan to include Executive Officers as persons eligible under the Plan.

The purpose of revising the Plan is to share interests with shareholders by including Executive Officers as persons eligible under the Plan and raising their motivation to contribute to the improvement of the medium- and long-term business performance and the enhancement of corporate value, and the Company believes said revisions are reasonable.

In association with the addition of persons eligible under the Plan, the Company will add beneficiary conditions in order to receive the Delivery, etc. of Company Shares, etc. to include the requirement that the person must be an Executive Officer and resign from the position of Executive Officer during the Eligible Period.

Additionally, the Company proposes that the upper limit of cash contributed by the Company be revised to 126 million yen for three business years, and that the upper limit of the Company’s shares for the Delivery, etc. to Directors and Executive Officers be revised to 123,000 shares for three business years (41,000 shares each business year).

These revisions are in line with the Decision-making Policy Pertaining to the Contents of Individual Remuneration, etc. for Directors and Executive Officers (refer to page 22 for an overview) established by the Company at a meeting of the Board of Directors held on February 21, 2022. As the Company has received a report from the Nomination and Compensation Committee, comprised of a majority of Independent Outside Directors, that it has deemed the proposal appropriate upon a multifaceted examination, the Company believes the proposal is reasonable.

If the Proposal 3 “Election of Nine Directors (excluding Directors Who Are Audit & Supervisory Committee Members)” is approved as originally proposed, the number of Directors subject to the Plan at the conclusion of this Annual General Meeting of Shareholders will be seven. As stated above, the Plan will now also include Executive Officers; therefore, the number of Directors and Executive Officers that are subject to the Plan at the conclusion of this Annual General Meeting of Shareholders will be eighteen (of whom, the number of Executive Officers not concurrently serving as Directors will be eleven). Remuneration based on the Plan includes remuneration for Executive Officers. However, in view of the fact that those Executive Officers may be newly appointed as Directors during the Eligible Period (defined in 2. (1) below) of the Trust (defined in 2. (1) below), the amount and details of the entire remuneration based on the Plan will be proposed as remuneration, etc. for Directors.

2. Details, etc. following the revision of the Plan

(1) Outline of the current Plan

The Plan covers the three business years from the business year ended March 31, 2022 to the business year ending March 31, 2024 (hereinafter, the “Eligible Period”), and is a stock-based remuneration plan under which the Company’s shares will be acquired through a trust using cash contributed by the Company as the source, and the Delivery, etc. of the Company’s Shares, etc. to persons eligible under the Plan through said trust will be according to their position, etc. in accordance with the share delivery rules established by the Company.

The Plan employs a mechanism known as Officer Remuneration BIP (Board Incentive Plan) Trust (hereinafter, the “BIP Trust”) (the BIP Trust established for the purpose of implementing the Plan is hereinafter referred to as the “Trust”).

(2) Revised contents of the Plan

In line with the introduction of the Executive Officer System on April 1, 2022, the revisions to the Plan involve adding Executive Officers (excluding non-residents of Japan, the same shall apply hereinafter) to persons eligible under the current Plan.

In association with this, the Company will add beneficiary conditions in order to receive the Delivery, etc. of the Company Shares, etc. to include the requirement that the person must be an Executive Officer and resign from the position of Executive Officer during the Eligible Period.

The period for granting points to Directors is from July 1 of the previous year until the Annual General Meeting of Shareholders. However, considering differences in terms of office, the period for granting points to Executive Officers shall be from April 1 of the previous year to March 31 of the current year.

In addition, in line with these revisions, the upper limit of money contributed by the Company and the maximum number of shares of the Company for Delivery, etc. to Directors and Executive Officers shall be revised as shown in the table below.

(3) Acquisition of the Company’s shares under the Plan

In line with these revisions, we plan to acquire the Company’s shares from the stock market within the range of the upper limit of cash contributed by the Company and the upper limit of the Company’s shares for Delivery, etc. to Directors, etc. in (2) above.

In addition, the acquisition of the Company's shares by the Trust, which was scheduled at the time the Plan was introduced, will be carried out in conjunction with the acquisition of the Company's shares in line with these revisions.

During the trust period, if it is possible that the number of shares in the Trust will be insufficient as the number of shares corresponding to the points to be granted to Directors, or if it is possible that the cash within the trust assets will be insufficient for the payment of trust fees and trust expenses, the Company may make an additional cash contribution to the Trust and acquire additional Company's shares within the range of the upper limit of cash contributed by the Company and the upper limit of the Company's shares for Delivery, etc. to Directors, etc. in (2) above.
